

# Reports

---

**Sundström, J., Gernandt, R., Alfthan, J. and Östlund, S.,** *Evaluation of PAE Additive for Forming of Complex Paperboard Structures*, Report 522, KTH Engineering Sciences, Department of Solid Mechanics, SE-100 44 Stockholm, Sweden, 2012.

**Östlund, M. and Östlund, S.,** *Forming limits and requirements on the material for forming of complex paperboard structures*, Report 521, KTH Engineering Sciences, Department of Solid Mechanics, SE-100 44 Stockholm, Sweden, 2012.

**Gimåker M., Nygårds M., Östlund S. and Wågberg L.,** *Shear strength development between couched papers during drying*, KTH Chemical Science and Engineering, Department of Fibre and Polymer Technology, KTH, 2010.

**Mäkelä P. and Östlund S.,** *Evaluation of different constitutive models for fracture mechanics analysis of paper materials*, Report 280, STFI-Packforsk, 2008.

**Wallin H.-P. and Östlund S.,** *CDIO Workshops and Laboratories Survey for the Vehicle Engineering Program at Royal Institute of Technology (KTH)*, TRITA-FKT 2002:25, Department of Vehicle Engineering, KTH, 100 44 Stockholm, Sweden, 2002.
